

AUDITION: 'VRIJE VAL' & 'KNOOPPUNT'

DansBlok is looking for freelance dancers for two different existing productions.

About DansBlok

DansBlok is an all-female collective based in Leiden. Our work is a reaction to conflicts that the makers experience in our current society. It explores themes like dealing with paradoxal expectations, challenging boundaries and the need for true connection. DansBlok is known for their organic and theatrical movement language, strong expression and partnerwork.

For each production it is necessary that you are available **ALL** of the rehearsal and performance dates. You can apply for both or one of the productions. This a **paid** opportunity.

Audition: Friday July 25th in Leiden

Application deadline: July 15th

How to apply: send a video link (max 2 minutes), cv with headshot to info@dansblok.com

A motivation letter is not mandatory, but it is welcome.

We welcome all applications independent of nationality, ability, age, ethnic or social background and sexual orientation. Participation in the audition is **by invitation only**.

More information about DansBlok you can find on our [website](#) or [Instagram](#).

1. VRIJE VAL

A playful performance with three dancers for a young audience about exclusion and collaboration. In a minimal decor of three blocks the performers play with taking and sharing space and find each other in fluid partnerwork.

2. KNOOPPUNT

A performance on how the body and the brain stores memories in comparison to how we rationally remember things. This performance is a co-production with music theatre collective [KASSETT](#). On stage there are two dancers, an actress/singer and a composer of electronic music. The choreography contains highly challenging coordination and working with a large decor consisting of ropes.

Requirements:

- contemporary dancer (f/x) professional or intern
- based in The Netherlands
- an excellent understanding of Dutch language
- fast at learning new material in a short rehearsal period
- expressive performer
- identifying as female
